

ANDERSONS to CANTABRIA, *Spain*

Sunday Service

The first two months of 2026 have been filled with excitement and momentum here at **La Vid Baptist Church!** Each Sunday we are seeing a steady flow of people attending, and it is a joy to watch the Lord build His church right before our eyes.

Our team continues to lead two weekly *Grupos Pequeños* (small groups), and we are already hearing interest in starting another. It is incredible to see people growing in the Lord — asking thoughtful biblical questions, engaging with Scripture, and sharing testimonies of how God’s Word is transforming their lives. God is at work!

Bret Preaching

A Big Prayer Request - With growth comes a new challenge: space.

We urgently need a dedicated building for worship and ministry. We need room for new faces, new families, and expanding ministries. Renting has proven extremely difficult here — especially for non-Spaniards and particularly for a church. However, the Lord has opened an unexpected door.

We are currently looking at a property that would be perfect for our church plant. It requires very little renovation, has room to grow, is a stand-alone building (so our music won’t disturb neighbors!), and includes ample parking. It is located in the heart of a small town just outside the city of **Santander** — an ideal location for outreach.

The challenge? The owner is only willing to sell.

The property is valued at over **\$830,000**, but the owner has agreed to sell it for **\$475,000** — an incredible opportunity. By God’s grace, **55% of the funds have already been committed!** Raising the remaining amount is intimidating — but we serve a God who provides. Would you prayerfully consider helping us take this next step of faith?

You can give online at:
<https://www.sentinc.org/donate/>

We are also thrilled to share that the Gaona family arrived at the end of the February and are getting settled. We have already been blessed by their family singing during our church service.

Thank you for praying and giving.
Thank you for standing with us as God builds His church in Spain.

We are excited to see what the Lord will do next!
